

Dry ice block for use

Service hours:

1. During office hours, Monday to Friday 08:30 ~ 17:00.
2. Outside the office hours, you should stock dry ice block first and store it in the -80 °C ultra-low-temperature freezer for use.

How to make a request:

1. A telephone contact should be made first to make sure the stock you request is available.
2. Make a reservation at least one day in advance to allow us enough time to prepare the stock you request.
3. Please fill in the registration booklet when collecting the stock, and take the thermos box and protective gloves with you to avoid frostbite.

Location:

The Instrumentation Center office, Room 0909, 9th floor of the 1st Medical Sciences Building.

Charging method:

1. Fees: NTD\$ 40 / lb / block
2. Pay by a research project: Half-yearly statistical summary of the fee schedule.
